

IMPORTANT NOTICE

Re: MigreLief Brand Confusion

Only “Akeso” Brand MigreLief Offers the Patented Formula Recommended by Healthcare Professionals for Over 15 Years

The MigreLief Team at Akeso Health Sciences would like to alert all healthcare professionals and patients, of the recent release of a product by Quantum Inc. under the same name “MigreLief” but containing different ingredients than our original patented formula.

In 1998 I patented the migraine formula known as **MigreLief Triple Therapy with Puracol™** containing **Magnesium, Riboflavin and Puracol™ Feverfew** and made it available to the public. Quantum Inc. was given limited distribution rights to sell our patented formula in nutrition stores for many years however; Akeso Health Sciences terminated those rights last year. We are presently engaged in a trademark dispute.

Anyone who would like to continue using the original patented MigreLief with Puracol™ should closely read the label for the AKESO name and "Puracol™" branding. The popular nutrition store, “Vitamin Shoppe” does not carry the original patented MigreLief.

Akeso’s MigreLief supplements can be purchased online at MigreLief.com and other online vendors, through many resellers and independent pharmacies nationwide (Store locator: MigreLief.US) or by calling 1-800-758-8746. Healthcare professionals wishing to resell MigreLief with Puracol™ may call 1-800-MigreLief.

Contact HealthAdvisor@MigreLief.com with any questions or comments. I have enjoyed meeting many of you at various medical conferences and would like to thank you for your continued support.

Sincerely,

Curt Hendrix, M.S., C.C.N., C.N.S.
Chief Scientific Officer, Akeso Health Sciences, LLC
