## Neurologist Recommended Nutritional Migraine Supplements

### Frequently Asked Questions:

Q: My doctor recommended Migrelief, which Migrelief should I buy?

A: If you are a chronic migraine sufferer (migraines every month), take Migrelief Original daily for ongoing nutritional support. There is a build-up period, so allow 3 months for maximum benefits. To maintain benefits, continue taking daily. During the build-up period, take Migrelief-NOW "as-needed" for fast-acting cerebrovascular support.

Q: How soon will I feel the benefits of Migrelief-NOW?

A: 1-2 hours. You may repeat the dose in 2 hours if necessary.

Q: Can children take Migrelief and Migrelief-NOW?

A: Yes. The dose for children age 2-11, is ½ the adult dose. Break the Migrelief caplet in half. You may crush Migrelief caplet or open Migrelief-NOW capsule and sprinkle on food for easy swallowing.

Q: Which Migrelief provides nutritional support for all types of headache sufferers (not just migraine sufferers)?

A: Migrelief-NOW.

Q: What is Puracol™ Feverfew?

A: Puracol™ is a proprietary combination of whole leaf feverfew™ that contains a broad spectrum of naturally occurring phytochemicals in addition to parthenolide and a unique feverfew extract.

All Migrelief Products are Butterbur-Free
